Llave Gira ganador del premio INNOVAR 2012

Se presentó en Tecnópolis, Llave Gira como “Producto Innovador” en una selección de productos destacados por su grado de novedad y su potencial comercial además de su viabilidad.

Tecnópolis 2012 Premio Innovar 2012 para Llave Gira.

Más sobre INNOVAR

El Programa INNOVAR es un canal conveniente para iniciar el desarrollo de productos potencialmente novedosos. Cada año se reciben en promedio unas dos mil propuestas, que se abordan con un enfoque global, tratando de no perder de vista la distinta naturaleza de los proyectos (investigación, diseño, Agro, etc). Diez evaluadores de diferentes especialidades analizan cada categoría. Cada proyecto se analiza en el contexto del mercado al que está dirigido y considerando los productos similares que ya existen en el mercado. Luego de un amplio análisis, evaluamos al proyecto en orden a lo que le aporta al Programa “INNOVAR”. El Premio coincide necesariamente con la suerte económica del proyecto en cuestión.

Llave Gira es un proyecto que reúne exitosamente los siguientes elementos:

- Alto grado de desarrollo del prototipo o modelo
- Novedad en sus distintas expresiones (diseño, precio, uso, etc)
- Alta viabilidad del proyecto (por economía o por aceptación)
